

## How to get to the Meeting Point at the Schiphol Airport

KEMA customers and relations arriving at Schiphol Airport often have trouble finding the meeting point. It is difficult to find one's way at such a large and crowded airport. Often KEMA arranges for taxis to pick up customers and relations from Schiphol Airport and take them to their hotel or to KEMA.

The taxi driver has already been informed by KEMA about your flight number and time of arrival. The best way to meet your taxi driver is to pass the customs clearance and go directly to the "Meeting Point" **(direction Trains) in the Main (entrance) hall**. There is only one meeting point at the airport. It consists of three colored surfaces (red, green and black). Very often the taxi driver is holding a KEMA-sign in his hands.

Please, follow the signs "Meeting Point" (direction Trains) to the Main (entrance) hall.

The "Meeting Point" is in the Main (entrance) hall.
